WITH FOUR COMPETITORS.

SACRAMENTO, (Cal.), Sept. 14, '75.

This is to certify that the MATHUSHEK PIANOS we are using, and purchased of Mr. COOPER, give good satisfaction, standing in tune and wearing remarkably well, and we are well pleased with them. We think they are good and honestly made, and deserve especial notice.

HERMON PERRY, Prin. Sacramento Seminary.

ST. JOSEPH CONVENT, SISTERS OF MERCY, Sacramento.

We are using quite a number of the MATHUSHEK PIANOS, and consider them very superior instruments. They give very great satisfaction, and we wish that all our pianos were of the same make. We have tried the principal makers, and consider the Mathushek Piano superior for fullness of tone and durability. SISTERS OF MERCY.

[A CARD.]

This is to certify that I have sold large numbers of the MATHUSHEK PIANOS for over four years, and not one has ever failed. They keep in tune and wear better than all others, and exceed the expectations of purchasers, which has led to increase the demand for them. For information, call, and do not be led by interested parties to purchase certain Pianos you would soon after desire to change for Mathushek. They took the ONLY MEDAL at the State Fair, with four competitors. I have no idea of giving up the agency, as reported by interested parties. Hundreds have been sold, and I have numerous testimonials concerning their superiority, which I will show you with pleasure; many have been published heretofore. Call and see them.

JOHN F. COOPER.

Cabinet Organs of the best makers, and also some new cheap Pianos, from $300 up; a lot of second-hand Pianos. Pianos sold on installments, if desired. Pianos to Rent. Write or call on JOHN F. COOPER, corner Sixth and I streets Sacramento. se24

A Vain Vaunt.

The Radical papers and stumpers make a great vaunt of having liquidated so much of the public debt, that they are still paying it, and have thereby decreased and are still decreasing the burdens of taxation. For instance, in his Cincinnati speech Mr. Boutwell alluded, as he always does to this, the great measure of his administration of the Treasury Department. Taking the figures, as he handles them, it is shown that the debt has been reduced since 1869, when Grant went into office, $182,241,750. Well, admitting it has, how has it been done? Surely in no other way, as the Boston *Post* remarks, than from the surplus revenues, or what was left over after the expenses of the government were paid. Then follows the question, what were the revenues during these years? Let us look upon this picture: For the first year, 1869-70, they amounted to $305,959,833; for the second, 1870-71, $374,431,104; for the third, 1871-72, $364,694,229; for the fourth, 1872-73, $322,177,673; for the fifth, 1873-74, $299,941,090. The total taken from the people during these five years, was $1,667,203,929. Out of this sum is to be taken what was paid during the same time for interest on the debt and for pensions, in all, $773,775,748.63, and the remainder, which is $933,448,180.37, or very nearly a thousand million dollars, was in the possession of these Radical managers to dispose of. Out of that nearly one thousand millions they boast of having paid about one-fifth towards the reduction of the debt.

Now look on this: For the five years prior to the war, from 1856 to 1861, under Democratic rule, the expenditures, not including interest and pensions, amounted to $357,451,318.51; if the ordinary expenditures for the five years named under Grant had been no more—and no good reason can be given why they should have been—the Radicals would still have had $625,996,861.86 to spare, or, after paying $182,241,750 towards the debt, $443,755,111.86. Now what became of this last sum—nearly four hundred and fifty millions—during those five years from 1869 to 1874? It certainly could not have been swallowed up in the extraordinary Government expenditures. It is an average of nearly $90,000,000 a year, wrung from the people in taxes, who have had enough else to do in meeting State and municipal taxes. Again and again have the Democrats insisted that the expenditures could prudently be cut $100,000,000 a year, and here is the demonstration of it.—*S. F. Examiner.*

THE PEACE OF EUROPE.—Cardinal Manning, a few days since, at the reception of a delegation of Maltese resident in London, who came to congratulate him upon his elevation to the cardinalate, assumed the function of a prophet, and declared with great earnestness his conviction that there is now pending in Europe a greater and bloodier war than has ever been witnessed.

This war, his eminence evidently believes, is to be waged to restore to the Pope his temporal power; and he thinks peace cannot come until that happy event is accomplished. He even expressed his doubt as to whether the Christian world will survive the destruction which must follow the terrible struggle; and he prophesied that if it does survive it, the sense of justice must put the Pope back to his seat.

It is evident from the tone of this address, as well as from hundreds of similar indications throughout the world, that the great body of the *loyal* Roman Catholics are being indoctrinated with these ideas. They are being taught that war must come, not as in the middle ages, to destroy the power of the false prophet and to banish the infidel from the holy soil, but to restore the Bishop of Rome to his former exalted position among the civil governors of Europe.—*Churchman.*

A DEATH FOUNTAIN.—The Reading (Pa.) *Eagle* says: "On Nebow Ridge, in this county, about four miles from Jacktown, and on the farm belonging to Henry Miller, there is what is called a gas spring. This is probably the greatest curiosity in Pennsylvania. The water is cold, but bubbles and foams as if boiling, but the greatest wonder is the inevitable destruction of life produced by inhaling the gas. No living thing is to be found within a circuit of one hundred yards of the spring. The very birds, if they happen to fly over it, drop dead. We experimented with a snake of the copperhead variety on its destructive properties by holding it a few feet above the water. It stretched dead in two minutes. It will kill a human being in twenty minutes. We stood over it about five minutes, when a dull, heavy, aching sensation crept over us, and our eyes began to swim. The gas which escapes here is of the rankest of carbonic acid."

TO BE CURSED BY THE CHURCH.—Advices from Madison, Wisconsin, of October 18th, say a pastoral letter from Bishop Baugett on the Guibord affair, was read from the pulpit in the city Catholic Churches yesterday. He dwells on the rights of the church with regard to cemeteries, and announces that when the interment takes place he will curse that portion of the cemetery in which Guibord's body reposes, thus preventing the defilement of the soil in which the faithful sleep. He does not desire to treat the decision of the Provincial Government with disrespect, but will take this means to obviate any improper consequences which might follow this defiance of the rules of the church. It is generally understood that the burial will take place in the latter part of next week. Extensive preparations are being made for the event.

TO PRINTERS—COPY THIS NOTICE. Louis Tod, a printer—a swift compositor—a social, genial gentleman, is missing. He left St. Louis about the 15th of July, since which time nothing has been heard from him. He is about 29 years of age, 5 feet 8 inches high, weighs about 130 pounds, has dark blue eyes, black hair, thin moustache and chin whiskers. Is slightly dissipated. His aged mother at Independence has "a light in the window" for him, and listens for the sound of his returning footsteps. He also left a wife and child in St. Louis. Any information concerning him can be addressed to Mrs. Mary Jane Tod, Independence, Mo.

The Phylloxera.

Dr. Hermann Behr, an old citizen of San Francisco, and a distinguished scientist, who enjoys a high reputation on both sides of the Atlantic, read a brief paper on the phylloxera, or vine bug, before the Academy of Sciences on Monday evening last. He said, among other things, that this terrible vine-destroying insect very much resembles the common mosquito in its general appearance. It first attracted the attention of scientists in England in 1863, making its appearance among the vines grown in hot-houses. The history of this destructive insect is somewhat hypothetical. In the language of science the phylloxera is one of the "aphidians" and is propagated exclusively by parthogenesis, that is the insects all belong to one sex. Each female, after having deposited her eggs, dies. The number of eggs deposited diminishes with each generation. According to the best authorities each individual insect lays upon an average no more than four eggs. From these eggs develops a new form of phylloxera, the winged female, which swarms and deposits a brood of wingless males and females, the males coming from small eggs, the females from larger ones. These frail insects, destitute of organs capable of inflicting direct injury to vegetation, are nevertheless exceedingly dangerous, for they are the indirect agents of wide-spread devastation. If it were not for the winged variety, the phylloxera, with its imperfect organs of locomotion, would speedily die out with the vines which furnish it with food and shelter. From the utilitarian point of view of the vine-grower, the one important thing to be done is to destroy the winged variety—the "flyers," which are the most dangerous and at the same time the most accessible to offensive warfare. The wingless form is partially protected by its subterranean mode of life, and by a powerful vitality that resists the effect of all ordinary poisons. But to approach the practical and utilitarian side of the subject, which most nearly concerns the grape-growers of the State. Like the moth and the mosquito, the phylloxera is fond of light. It is attracted irresistibly by the glare of conflagrations. Dr. Behr infers from this instinctive tendency of the insect that the best practical mode of guarding against its ravages is to kindle bonfires in the vineyards ravaged by them, thus luring them to immolation by fire. And it is certainly worth being fairly tested.—*Call.*

SLANDERS.—Pay no attention to slanders or gossip mongers. Keep straight on your course and let their backbiting die the death of neglect. What is the use of lying awake nights and glooming over the remarks of some false friend, that runs through your brain like forked lightning? What is the use of getting into a worry and fret over gossip that has been set afloat to your disadvantage by some meddlesome busy-body, who has more time than character? These things cannot possibly injure you, unless, indeed, you take notice of them, and in combatting them give them character and standing. If what is said be true, set yourself right at once; if false let it go for what it will fetch. It is wisdom to say little respecting the injuries you have received. We are generally losers in the end if we stop to refute all the backbitings and gossiping we may hear by the way. They are annoying, it is true, but not dangerous so long as we do not stop to expostulate or scold. Our characters are formed and sustained by ourselves and by our actions and purposes, and not by others; let us always bear in mind that calumniations may usually be trusted to time, and the slow but steady justice of public opinion.

BOSS TWEED'S FAITHFUL WIFE. When Tweed was married he was a chairmaker, and the pair might have had a happy career had he remained honest. They lived in a plain manner, mingled with mechanics' society, and were the parents of two boys and two girls, good-looking and healthy children. The era of meretricious splendor has come and gone like a dream. The girls are married. Each had a diamond wedding, and each has sunk into obscurity and poverty. The two sons once held fine appointments in the service of the ring, but they are now only lounging around the City Hall. The mother is in a widow's desolation. The ill-gotten wealth is almost gone. A million and a-half has passed into the hands of her lawyers, and her husband is still a prisoner. A seedy and corpulent old man inhabiting a pair of rooms in Ludlow street jail, is all that is left of one who has been alderman, Congressman, chairmaker and lawyer, commissioner of parks, public buildings and docks, State Senator, and for seven years the autocrat of this city. The only redeeming feature is the faithful wife, who is reducing herself to poverty in the hope of obtaining her husband's release.—*N. Y. Corr. Gincinnati Gazette.*

LIGHT HOUSE FOR MID-OCEAN.—An ingenious model of a light house for use in mid-ocean has just been completed at Dubuque, Iowa, and will be exhibited at the Centennial. The edifice will be round and fastened by three anchors, resting on the bottom of the ocean, suspended by thick wire cable. The anchors will be arranged in such a way as to form a triangle, strong enough, it is claimed, to stand the action of the heaviest winds and waves without. The inventor guarantees to build a cable that will endure the weight of four houses, and be rust proof as well. The anchors will be of the heaviest manufactured, of the styles known as marine and mushroom. That something of the kind is needed, there can be no doubt, but whether this contrivance will realize all that is expected from it, we must wait and see.—*N. Y. Daily Bulletin.*

UNPRECEDENTED CATTLE SALE.—Mr. Torr, of Aylesbury, England, has just surpassed anything of ancient or modern times in the success of a cattle sale. He is one of the prominent cattle breeders of Great Britain. A few days ago he sold eighty-five animals for $214,650, being an average of $2,524 a head. The highest priced beast, Bright Empress, brought $10,800, and other cows sold at $8,000, $7,000, $6,000, two at $5,000, and heifers at from $4,000 to $6,000. Fifteen hundred persons were present, and the result of the sale is pronounced to be unprecedented in the history of cattle traffic.

Plymouth Church Ex-Communicates Mrs. Moulton.

BROOKLYN, November 4.—To-night the Plymouth Church congregation, represented by forty-two members, met in the lecture-room of the church and adopted a recommendation made by the Examining Committee to drop from its rolls the name of Emma C. Moulton, wife of Frank Moulton. The intention to drop Mrs. Moulton's name from the rolls of Plymouth Church appears to have been under debate for some time in the Examining Committee, although the lady received no intimation of the discussion until it was ended. On Wednesday night Mr. Hawkins of Plymouth Church called upon and informed her that the Examining Committee of the church had determined to recommend to the church that her name be erased from the rolls as that of a continual and causeless absentee. He told Mrs. Moulton that he had called at the request of the Committee to notify her of its intentions, in order that she might be present and state her reasons for absence.

Accordingly Mrs. Moulton attended the business meeting to-night. She was accompanied by her counsel, Gen. Pryor. When the recommendation of the Examining Committee was reported, and before action was taken by the Church, Gen. Pryor arose and read a letter from Mrs. Moulton, in her own defence, in which she protests against the adoption of the recommendation, "because I am not an absentee in any proper sense of the word, nor does the rule of the Church in regard to absentees contemplate any such case as mine. My absence is an enforced one, and is caused by the crime committed by Rev. Henry W. Beecher, pastor of the church, with one of his parishioners, which I know to be a fact through Mr. Beecher's confession to me, and through the confession of Mrs. Tilton, and the conclusive evidence of crime from other sources. I appear before this church in loyal obedience to its summons, and I hereby declare my disposition and desire to discharge all my duties devolving on me as a member that are consistent with the knowledge of the crime of my pastor, and his false swearing with regard to it." The most impressive silence followed the reading of Mrs. Moulton's plea. The moderator put the question and her name was dropped from the rolls.

Daniel Webster on Money.

Nearly forty years ago, Daniel Webster, uttered the following memorable language in the United States Senate:

Most unquestionably there is no legal tender in this country, under the authority of this Government or any other, but gold and silver, either the coinage of our own mints or foreign coins at rates regulated by Congress. This is a constitutional principle, perfectly plain and of the highest importance. The States are expressly prohibited from making anything but gold and silver a legal tender in payment of debts, and although no such express prohibition is applied to Congress, yet as Congress has no power granted to it in this respect, but to coin money and to regulate the value of foreign coins, it clearly has no power to substitute paper or anything else for coin as a tender in payment of debts and in discharge of contracts. Congress has exercised this power fully in both its branches. It has coined money and still coins it; it has regulated the value of foreign coins, and still regulates their value. The legal tender, therefore, the constitutional standard of value, is established and cannot be overthrown. To overthrow it would be to shake the whole system. Of all the contrivances for cheating the laboring classes of mankind none has been more effectual than that which deludes them with paper money. Ordinary tyranny, oppression, excessive taxation—these bear lightly on the happiness of the mass of the community, compared with a fraudulent currency and the robberies committed by depreciated paper. Our own history has recorded for our instruction enough of the demoralizing tendency, the injustice and the intolerable oppression on the virtuous and well disposed, of a degraded paper currency authorized or in any way countenanced by the Government.

These remarks of the great orator and statesman were unchallenged in the Senate.

MOULTON.—Mr. Frank Moulton's vigorous and persisting demand to be brought to trial upon the indictment for perjury procured against him at the instance of the Rev. Henry Ward Beecher has availed him nothing. Mr. Moulton insisted upon this trial as his right—as a matter of simple justice. He was indicted upon the sworn testimony of Mr. Beecher before the grand jury; and the mere refusal of the principal witness to appear against him in court leaves the sworn testimony still uncontradicted and in force, and permits the stigma of perjury to attach to the name of a man without giving him the opportunity of proving the falsity of the charge. Mr. Beecher declines to prosecute, but does not recant his evidence under oath given before the grand jury; and, in spite of Moulton's appeal, District Attorney Winslow coolly enters a nolle prosequi, and the case is dropped. It is a sort of judicial outrage for which the law should provide some adequate remedy. If Moulton was guilty, he should be punished; if innocent he is clearly entitled to the privilege of proving it.

THE RIGHT KIND OF A WIFE.—What a blessing to a household is a merry, cheerful woman—one whose spirits are not affected by wet days or little disappointments—one whose milk of human kindness does not sour in the sunshine of prosperity! Such a woman in the darkest hours brightens the house like a piece of sunshiny weather. The magnetism of her smiles and electrical brightness of her looks and movements, infect every one. The children go to school with the sense of something great to be achieved; the husband goes into the world in a conqueror's spirit. No matter how people annoy and worry him all day, far off her spirit shines, and he whispers to himself, "At home I shall find rest." So day by day she literally renews his strength and energy. And if you know a man with a beaming face, a kind heart and a prosperous business, in nine cases out of ten you will find he has a wife of this kind.

WOODLAND, CAL:

Friday, November 12th, 1875.

ABROAD. — The Prince of Wales, heir to the British crown, is now in India.

SNOW.—Eight or ten inches of snow fell on the Summit on the 1st and 2d of November.

SUSPENDED.—The San Francisco *Morning Ledger* has been suspended. Its life was as brief as it was brilliant.

POSTPONED.—The Fitzgerald De-Young case came up in San Francisco on Monday last, and was postponed till November 19th.

NEW YORK.—The Democratic majority on the State ticket turns out to be something over seven thousand, according to the *World's* figures.

LARGE SAVING.—It is stated that the yearly saving in the single item of salaries, if the new Alabama Constitution is adopted, will be in the neighborhood of $150,000.

WARLIKE.—A special dispatch to the *World*, dated London, Nov. 9, says that the Emperors of Germany, Austria and Russia have sent their ultimatum to the Sultan of Turkey.

RESULTS OF A FLOOD.—At Nottingham, England, the late flood caused the loss of thirteen lives, inundated 3,000 houses, and caused the stoppage of fifty factories. The flood was also great at many other places and did an immense amount of damage.

VOLUME SEVEN. — The *Democratic Dispatch*, published by Mrs. Belle Lynch, at Ukiah, Mendocino county, has commenced its seventh volume. Mrs. Lynch gets out an excellent paper, besides attending to her family duties. She has three small children to support and should be liberally patronized by the people of the county. They will get their money's worth.

LARGE GUM TREE. — The Sonoma *Democrat* says that Dr. Boyce of Santa Rosa, has the largest gum tree on this coast. It is about 140 feet high, and over two feet in diameter, and was planted about fifteen years ago. Its evergreen branches penetrate far above all its tree companions of different varieties, and can be seen from any portion of the city.

NEW GOVERNMENT ENTERPRISE.—A telegram dated Harrisburg, Pa., Nov. 6th, says twenty-eight cars laden with the hull of a new iron ship for the Pacific Ocean passed through that city during last week for California, via the Pennsylvania and U. P. R. R. Forty carloads more are to follow. The hull was in sections and was manufactured in Roach's yard, at Chester.

EARTHQUAKES. — Hollister, Merced county, was visited by an earthquake on Sunday last which frightened and horrified the inhabitants. Clocks were stopped, goods shaken from the shelves and brick buildings cracked, "though," says the telegram, "no serious damage was done," and adds: "This is the second shock experienced here within the last three months which was not felt at any other point on the coast."

U. S. PENSIONS. — The official reports show that there are now 234,821 persons drawing pensions from the United States Government, of whom, strange to say, 5,163 are widows of the soldiers of the war of 1812, which ended sixty years ago. The tenacity of life of those widows and their adherence to the condition of single-blessedness is something wonderful. The sum paid for pensions is $30,000,000 per annum, or thereabout.

TREMENDOUS.—The interest alone on the public debt of the United States is $96,000,000 per annum. The only gold revenue which the Government has to meet these payments is collected from duties on imports, and this amounts to about $160,000,000 per annum. Under these circumstances it may be more difficult to bring about a full resumption of specie payment and currency than many people imagine. A very large portion of this interest goes out of the country to pay foreign bondholders, and consequently goes out of circulation in this country. We want to see specie currency restored throughout the country as soon as possible, as there can be no permanent property values established while we have a fluctuating paper currency.

$30,000!—A horse race is advertised to take place in San Francisco on Saturday for the above amount, the largest purse ever offered on this continent. The *Bee* says of the horses to contest for this large amount of money: "So well matched are all the horses in this race that no idea can be formed as to the result. Springbok has run two miles in 3:32, and has beat the great Fellowcraft. Rutherford is a brother to Fellowcraft, and was purchased in the East and brought to this coast. Next comes Katie Pease, who beat California's old favorite, Thad Stevens. Grimstead, another horse of faultless pedigree will contest. He was beaten by a length by Wildidle, a few days ago, and will be a hard one to beat. Wildidle ran the four mile dash for the Wise plate, a few days ago, in 7:25½, and is a noble animal. The horse Chance, bearing the same blood as old Thad, is another horse of speed and bottom. Revenue, Jr., and Fannie Hall complete the list, both good animals."

San Francisco Letter.

SAN FRANCISCO, Nov. 10th, 1875.

EDITOR DEMOCRAT:—Talking of the skeleton of the Republican party has been discussing a very dry subject, but within the past month it has shot spasmodically up, like a consumptive patient just shuffling off this mortal coil, and is now apparently alive enough to make the thing interesting. Farley, McCoppin, Roach, Hoge, et al., held quite a pow-wow down here a few days ago, and being surrounded by choice spirits, enthusiastically spread themselves on the political situation. Farley, who expects to be our next U. S. Senator already sees himself dropping in at the White House to discuss the hard coin and other leading questions. He must have got a little confused, for he vehemently remarked that "there is a tide in the affairs of everybody, and Grant's is a very low one"—a remark which ought to be saved, for it is an old one, born again in good time. There is more than one cause for congratulation to be drawn from the late battle fields. We know that the approaching Presidential campaign is to be a hard-fought contest of Patronage vs. Patriotism—Corruption vs. Reconstruction. Both parties must put forward sound and able statesmen. We know also that the extraordinary accessions to the Democratic ranks were caused by a popular fear of a third-term candidate. This fear being soothed, things assume a more normal condition. Call the roll of States to day, and we have a bare majority; put Grant on the leading horse and the Republicans will not carry a State. More connected talk is heard here lately about the National Democratic platform.

Great indignation has been expressed lately by able men of both parties over the dirty attempt of Grant to drag our School system down to the grade of a partizan question. Much unwillingness was expressed on the part of several prominent Democrats against any reference whatever to the subject; as a matter concerning which so small a portion of the Nation were on the side track that reference was not only unnecessary but harmful to the interests of education; other counsels, however, will undoubtedly prevail. California will send her delegates to the National Convention with pledges of "hard money," and "free, unsectarian schools," nailed on the boldest banners.

I see quite a number of Yolo emigrants collecting down this way. Are you getting so thickly settled up your way that you push people down here, or have they made their piles up there and drop down to spend the interest? Doctors, lawyers, school teachers, parsons, etc., are here thick as bees.

About a month since there was quite an involuntary mass-meeting of Woodland by-gone pedagogical talent. W. W. Stone, formerly of the Woodland Grammar School, was, at the time, Principal of the West End School. He was promoted to the Principalship of the Fairmount School. Among the applicants for the vacated position were Prof. Templeton (Mr. S's. successor in Woodland); Prof. Sturges, late of Hesperian College; Mr. Edwards, whilom candidate for County Superintendent, and Mr. Brooks of the Cache Creek School. Professor Sturges was the successful candidate.

Our newly elected Mayor, Dr. Hewston, has put in his first lick at unnecessary legislation by a maiden veto. One other good move: He has recommended the passage of a law closing the Chinese opium dens. These are fearful institutions. You go through a dark hall and enter a long, narrow room. On either side rough bunks, or shelves, are put up, like berths in a state-room on board a ship. A small lamp filled with nut oil stands by the side of each occupied bunk. The patron haggles with the proprietor for the desired dose of opium, and then, taking possession of a bunk, he or she (for the dens are open to both sexes), soon lies floating in the lands of the gods. In looking over the prostrate and imbecile forms of these leather-faced, idiotic-eyed sots, as they lay on the night of my visit, crooning and blinking in the sickly gleam of the yellow-flamed lights, I was strongly reminded of my visit to the catacombs of Leghorn, where, on shelves, rested age and sex, from the time of Paul the Apostle--hollow eyes glaring at you, sunken mouths grinning at you—silks, satins, home-spuns, mingling with human dust, mocking at the vanities of life. From these opium dens issue old men who entered young; sick men who entered strong; all bending their steps to the city hotels, the jail or the hospital.

The libel suit brought by Fitzgerald against the *Chronicle* has been again put off. The indifference now displayed by the prosecutor is very damaging to his private character. He has rested under a cloud for a length of time. Bolander has frequently intimated that corruption had existed, yet no defiant message was hurled forth. That the nomination was not unanimous, the Yolo delegation will bear me out in declaring.

Quite a breeze is blowing in religious circles in consequence of the action of the "Rev." Dawson calling the Courts to his aid in an injunction, served on the Synod while in session, enjoining them against investigating certain naughty acts of the D. D. (Divine [?] Dawson). This unlooked for flank movement was a very wet blanket, and Doctors Scott, Pouge, Hemphill and others just waltzed with virtuous indignation.

The weather is unusually fine, the afternoons being warm and pleasant while the balmy moonlight nights raise up reminders of the times when we made friendships with downy cheeked boys so as to get their sisters on a moonlight excursion to the Cliff. Higho! who wouldn't be a boy again?

BILLY DHU.

NEW PATENTS.—Through dispatches to Dewey & Co., Patent Agents, S. F., we receive the following advance list of U. S. Patents granted to Pacific Coast inventors, viz: H. P. Garland, S. F., sewing machine for sewing bags, etc.; H. Sea, S. F., brick machine; A. S. Wadleigh, S. F., socket coupling; B. Wallman, S. F., padlock; S. P. Randolph, Tehama, Cal., reissue, cutter head; Consolidated Tobacco Company, S. F., trademark, for cigars; Lee Ping and Pou Jib, S. F., trademark for teas.

GRAND CONCERT. — We stop the press to announce a concert by Mrs. Marble and able assistants on Wednesday evening next. See the programme in this paper. Our people know and like Mrs. Marble so well that she will be sure to have a crowded house.

HUNTING QUARTERS.—According to the *Bee*, Legislators are dropping into the capital city to secure quarters during the coming session of the Legislature.

Town and County Matters

Supervisors' Proceedings.

The regular monthly meeting of the Board occured on Monday last; present Supervisors Smith, Mering, Megowan, Sims and Harlan, the latter taking his seat for the first time on account of absence, and this making a full Board.

Hospital matters were acted on as follows: Ordered that Clerk advertise for proposals to furnish 20 cords of wood, and also for proposals to act as Warden (see advertisements for particulars); Warden allowed $25 for incidental expenses; new door for Hospital ordered; bids for supplies opened —F. S. Freeman & Co., $71.72, Eaton & Son $86.50, Porter & Co., $81—contract awarded to F. S. Freeman & Co.; on motion Dr. Geo. H. Jackson was appointed Hospital Physician, subject to the usual conditions.

Davisville road No. 101 was declared a public highway, deeds being presented from the Cal. P. R. R. Co., and Bridget Chiles, the only objectors.

The Auditor was directed to transfer the amount on hand in the estate of Loren Heinrich, deceased, to the General Fund, the county having already paid a larger amount for Coroner's inquest, etc.

Report of viewers of Road No. 112 received, and 14th of December at 10 A.M. set as time for hearing. Notice ordered served on non-consenting land owners.

The report of J. C. Taylor, on West Grafton and S. P. Barnes road received, and District Attorney ordered to proceed in condemnation of lands.

Petition received asking change of boundaries of Mount Pleasant School District. No action.

The Board, considering the Stevenson bridge unsafe for travel, ordered that notice be given to that effect, and deem that the interests of the county demand its repair.

Report of Viewers of road No. 111 came up for hearing, J. C. Ball, Esq., appearing for Haines & Hildebrand. Objections filed and overruled, and witnesses examined pro and con.

Adjourned till second Monday in December.

NEW DRESS. — Mother Earth, in consequence of the late rain, has concluded to put on her green Winter mantle, which looks pleasant and comfortable, after the brown, dusty rig she has worn the last six months. We doubt if any part of the earth's surface can surpass the climate and general loveliness of the Sacramento Valley during the Winter and Spring months. Another rain—which seems to be brewing—with a continuation of warm weather for a few days, will start the grass sufficiently for feed for stock, which will then be likely to keep good all winter.

DOCTORS.—In the matter of graduating physicians, the older countries of the world are far more careful than our own country. Last year, Germany, with a population of 42,000,000, graduated six hundred and sixty physicians, rejecting one hundred and eight applicants. In the same time the United States, with a population of 40,000,000, graduated three thousand physicians. Many persons think there is not sufficient care used in this country in this matter. Those who hold the lives of the people in their hands should certainly know what they are about. Some of them do not seem to.

GREAT SALE OF GOODS AT AUCTION.—All purchasers of general merchandise should read the advertisement of Mr. Raveley, of Knights Landing. He will sell his entire stock at public auction, embracing a general assortment of dry goods, clothing, boots, shoes, etc., on Saturday, Nov. 13th, Monday 15th, Wednesday 17th and Saturday 20th, continuing the sale as much longer as necessary till all is disposed of. Read the advertisement.

STOCKHOLDERS' MEETING.—It will be seen by notice in this paper that a meeting of the Stockholders of the Woodland, Clear Lake and Humboldt R. R. Co., will be held on Saturday, Nov. 13th. The object of the meeting is supposed to be to disincorporate, that seeming to be the desire of most of the Stockholders.

LATE PEACHES.—Mr. David Barnes handed us a peach the other day picked from a tree in the rear of the Exchange Hotel which hangs full of fine large fruit, just ripening. The peaches of this tree are generally just fit to pick on Thanksgiving Day. The one handed us measured over two inches in diameter.

COUNTY HOSPITAL.—The Supervisors at their late meeting authorized the Clerk to advertise for proposals to take charge of the County Hospital as Warden and also for proposals to furnish that institution with 20 cords of wood. Read the advertisement in this paper, for particulars.

NEW DRUGGIST.—Mr. E. J. Haight, who for a number of years kept a drug store at Davisville and sold out about a year ago to Gardner & Collins, has purchased the interest of Dr. Strong in the drug store of Bynum & Co., and will shortly move here with his family.

THE COLLEGE AND GROUNDS.—Our College building is not in bad condition. It is in good repair, neat and trim and sightly. The grounds, it is true, are not fenced, nor decorated with trees and shrubbery as they should be. We remember that subscriptions were taken up at one time to fence them in, to plant trees, and for furniture, but the project was a failure, as the purpose was not carried out at the time. We hope that the suggestion of the *Mail* may be considered, and the liberal public may try the effort again, and may be more successful next time. The grounds do look naked, ragged and uninviting. Who will make the first move toward their improvement?

"THE WINTERS ADVOCATE."—This is the name of a new paper purporting to be published at Winters, in this county, by Markley & Norwood, but which is printed one-half in San Francisco and the other in Sacramento. The paper looks remarkably well, and its miscellaneous contents may be good enough, but its local and editorial departments are decidedly behind the times. We hope our neighboring townsfolk will be able to support a paper, but must express our doubts, and hope, for their own sakes they will be careful about paying very far in advance, because we don't want them to lose by it. Its advertising rates, except for "legals," are about three times what we charge.

A DESIRABLE FARM FOR SALE.—It will be seen by advertisement that Mr. L. B. Ayer, late Register of the Land Office at Marysville, offers his ranch of 1,100 acres situated 1½ miles south of Gidley's Station, on the California and Oregon railroad and 14 miles north of Marysville, for sale—750 acres cleared, the balance timber; 650 acres in crop for the next season, expected to yield at least 10,000 bushels of grain. Mr. Ayer offers a great bargain.

CHANGE OF PROPRIETORS. — The business and stock of the mercantile house of Messrs. Levy & Haines, in this place, has been purchased by Mr. B. Joseph, of San Francisco. Mr. H. Levy of the late firm, will manage the business, the new proprietor remaining below, watching the market, and forwarding goods from time to time as needed. Mr. Haines is out entirely.

NOTICE.—Quarterly Meeting will be held next Sunday in the M. E. Church Woodland. Professor A. J. Nelson, Presiding Elder, will conduct the services. The public are cordially invited to attend.' A special meeting will be held at 3 P. M. for the benefit of the children. It is hoped the children of Woodland will all attend and hear the address.

IMPROVEMENTS. — Mr. Byron Jackson has found it necessary to enlarge his planing mill building and is putting on a large addition. Mr. Beamer is putting up a first-class permanent awning in front of the City Livery Stable. H. Stegall has just erected a good fence around the large lot between his residence and the Advent Church.

AUCTION.—M. Weinberger, having determined to retire from business in Davisville, will commence selling out his large stock of general merchandise, clothing, hats, boots, groceries, etc., at auction on Saturday next at 10 A. M., and continue without reserve till all is sold.

LIBRARY ASSOCIATION MEETING.—All members of Woodland Library Association are requested to meet at the Library Rooms next Monday evening, Nov. 15th. Matters will come up which need the attention of all.

A GOOD WORK.—A much needed improvement is being made in grading up railroad street from Main to Lincoln, where a lake is generally formed in winter through which it is difficult if not dangerous to drive.

MUSIC.—Any person or persons in want of music for any occasion, can at any time be accommodated by applying to Prof. L. Ellis, leader of the Ellis Brass and String Band, whose card appears in this paper.

BURNT DISTRICT. — An excellent lithographed birdseye view of Virginia City, taken before the fire, showing every building, with the burnt district colored, may be seen in the window of Simpson's drug store.

MRS. CARROLL. — This estimable lady and first-class music teacher, late of Hesperian College, has consented to take charge of the Music Department in the Christian College at Santa Rosa.

LIVERY.—Pockman Bros. have dessolved partnership, J. B. retiring and Pockman & Co. continuing the business. The best of turnouts can always be had at this establishment.

GONE. — Hon. Wm. Minis, Surveyor-General elect, moved over to Sacramento, with his family and household effects, on Monday last. Our loss is Sacramento's gain.

J. M. WOOD.—This gentleman is now at Chico getting up a grand concert. The *Enterprise* speaks very favorably of his musical attainments and execution.

LIBRARY.—The Woodland Library Association will give an entertainment on the evening of November 25th—Thanksgiving Day. Particulars next week.

HOSPITAL PHYSICIAN.—Dr. Geo. H. Jackson has been appointed by the Board of Supervisors as Physician of Yolo County Hospital.

FOUND.—The pair of kid gloves left at this office for an owner last week have not yet been claimed.

Loss of the Pacific—200 Passengers Drowned.

The steamer Pacific, which sailed from Victoria, V. I., at 9 o'clock last Thursday morning for San Francisco, foundered 400 miles south of Cape Flattery on Thursday evening at 8 o'clock. Of the 200 passengers who were on board but one, Henry L. Jelly, was saved. Mr. Jelly was brought into Port Townsend and gave the following account of the disaster. About nine o'clock Thursday night he heard a crash, heard the bell strike to stop her, and then to back her, and then strike to go ahead. He went on deck and heard voices saying: "It's all right; we have only struck a vessel," and looking around thought he saw lights on the starboard side. This mishap was not noticed for some time, but the broken side where she had been struck soon made itself apparent. In about an hour after the Pacific was struck, her boats were lowered, and all the ladies and some gentleman put in them. All of these boats however, sank, and soon after the Pacific itself burst into two pieces. Jelly got on a portion of the pilot house that had sundered when the vessel fell to pieces and remained on it until Saturday, when he was picked up by the steamer Messenger.

The Pacific was a wooden side wheel steamer of 900 tons, built in 1857 by W. H. Brown, of New York, and renovated and nearly rebuilt by the Pacific Mail Steamship Company. She was valued at about $100,000, and her cargo of hops and oats was worth $25,000 more. Insurance on the ship amounted to $47,500 divided equally between the Firemen's Fund, Union, State Investment, Commercial, Swiss Loyds, and new Orleans Mutual Companies.

The following passengers were lost: J. Hullmut and wife, Mrs. Mahon and child, H. C. Victor, G. T. Vining, F. D. Hard, C. B. Davidson and wife, A. Robins, T. Allison, O. McPherson, Wm. Maxwell, B. Woods, John Tarbell, Wm. Ammiss, Wm. Wilson, A Long, J. G. Todd, J. McLanders, Doc. Young, J. Fitzgerald, J. Candon, C. Chrisholm, A. Frazer, J. S. Webster, Hurlburt & Rockwell troupe, F. Garriche, Miss A. Reynolds, Miss F. Palmer, Miss Moote, Mrs. Lawson, Edwin H. Polley, James Lenning, Mrs. S. Stiles and child, Mrs. D. C. McIntire, C. B. Fairbanks, Capt. and Mrs. Parsons, A. B. Oaway, W. J. Ferry, J F. Johnston, Thomas Smith, John Cochrane, S. P. Moody, T. J. Ferrell, M. Summers, J. Cahill, John Watson, Wm. Wills, James. H. Webbs, Wm. Polly, Colonel Mandeville, wife and child, R. Hudson, H. Clime, E. P. Atkins, Thomas Beverly, R. Layzell, W. Waldron, John Lee, G. Gribell, George Morton, John Sampson, Isaac Webbs, P. L. Chapman, and forty more in the steerage.

Later information says the Pacific was run into by a sailing vessel. The Quartermaster has been picked up and several dead bodies.

Home Mutual Insurance Company.

It is with a feeling of just pride that we refer to the efforts made by the Home Mutual Insurance Company of California to adjust and pay the losses suffered by the late disastrous fire in Virginia City. We were advised from our exchanges at the scene of the fire that Eastern agents who have incurred losses there, are endeavoring to impair the fair reputation of our local companies, and, in order to ascertain the truth of these reports, a *News* reporter waited upon H. A. Craig, Secretary of the Alameda county branch in this city. We were shown by the gentleman mentioned letters from manager R. H. Magill, now in Virginia, and take the liberty of making a few extracts from them, in order to show the true state of affairs at that place. "It makes me feel proud," writes Mr. Magill, "to know that in the face of lies and slanders of the meanest style, the Home Mutual stands away up in the estimation of the people. Applications pour in on Brumsey at any rates he desires to charge. We lose $100,000 or less." Mr. Magill further writes that he has commenced the adjudication of losses and will pay every dollar due, without in the least impairing the capital or re-insurance fund of the Company. Although the Eastern agents have made considerable talk about the inability of the local companies to meet their losses promptly, Mr. Magill ayers that he will be able to respond first, a fact going to prove that well-managed companies cannot be swamped. Backing these statements we clip the following from the *Enterprise* of a late date, which show the energetic manner in which the Company commenced business: "By a notice in another column, it will be seen that holders of policies in the Home Mutual Insurance Company, who suffered loss in the recent fire, are requested to call at the branch office of the company in this city to-day with their policies. H. H. Bigelow, General Manager, and R. H. Magill, General Agent, arrived here yesterday, and are prepared to adjust claims and pay in coin. The losses of the company amount to about $100,000, and this sum can be paid without impairing their capital or their usefulness. This will be good news for those who have insured with this company, and their promptness will no doubt bring them a great amount of business in the future." In addition to the above, we show a circular issued on the 19th of October from the head office in San Francisco, showing the liabilities of the company to be $33,599.02, and the assets $598,015.31, leaving a surplus of $504,410.20, as regards policy holders. Surely, with such showing as the above, our people should not be at all alarmed about the condition of the Home Mutual. We anticipate the misfortune of their losses, will accrue to the benefit of the company in the increased confidence and patronage of the public. *Oakland News, Nov 2d.*

Mr. Geo. D. Fiske, Woodland, is Manager of the Yolo County Branch.

COLUSA ASSESSMENT.—The assessment roll of Colusa county foots up $10,257,640. The rate of taxation being $1 60 on the $100, the total tax to be collected will be $164,123 98.

PAPER BARRELS.—J. H. Eaton & Son have these light, cheap and useful articles on sale. Just the thing for housekeepers who have no bins.

ONE OF THE BEST organs in use is Wood's, for which Prof. Simpson is agent. A sample is always kept in his drug store.

The Southern Pacific Railroad have completed grading from San Gorgonio Pass to Indian Wells, in the Colorado desert, fifty miles out, and are pushing on for the Colorado.

GOOD WORK.—Mc'Call's Road Grader is doing some good work in grading streets in different parts of town. It does its work much better and very much cheaper than it can be done by any other means we have heard of. Mr. McCall, the patentee, made a proposition to the Board of Supervisors to supply the county with five graders—one for each road district—claiming that it would save annually thousands of dollars to the county. The Board examined its working, and took the matter under advisement for future determination. Good judges speak very highly of the machine and its work.

The Word "Sozodont."

Which has already become a household word, is derived from the Greek, and composed of two words, Sozo and Odontes. "Sozo" translated, means to preserve, and "Odontes" the teeth—"SOZODONT" a preserver of the teeth. And it is true to its name. It beautifies and preserves the teeth, hardens and invigorates the gums, and corrects all impurities of the breath. The odor of this pure preparation is so delightful that it is a luxury to apply it. It is as harmless as water. Sold by druggists and perfumers.

DURANG'S RHEUMATIC REMEDY.—Presidential Mansion, Washington, D. C., April 23, 1875, Messrs. Helphenstine & Bentley—Gents: For the past seven years my wife has been a great sufferer from rheumatism, which at times assumed a very malignant form, and for days and nights deprived her of rest. Several months ago our attention was called to DURANG'S RHEUMATIC REMEDY, and after giving it a trial, using three bottles in all, she was freed from pain and a permanent cure effected. I am glad to be able to make the above statement in reference to your wonderful remedy, three bottles of which will, in my opinion, cure any case of rheumatism on the face of the earth. Yours truly, WM. H. CROOK, Executive Clerk to President Grant. H. C. KIRK & CO., Wholesale Agents, Sacramento, Cal. oc1-3m

[Written for the Ledger.]

Virginia's Grit.

Pardner, I lit on the Comstock Lode some sixteen years ago,
When that mountain's side was covered from foot to dome with snow,
And through that freezin' Winter, so desolate and drear,
We cooked our mules to keep alive, not a dozen yards from here;
And yet, my boy, we never flinched, but stuck by this old place,
While every day we felt the breath of famine in our face,
And since that time I've met my luck, with all its smiles and frowns,
And on this mountain side I've had a thousand ups and downs;
I've walked the streets, all loaded down, with richest kind of stock,
And in a week not worth a red, clean busted to bed rock;
I've been in many a little row, such as we have out West,
There's lots of lead marks in my hide, and knife scars on my breast,
But I've allers faced the music, taken my chances square,
Goin' my pile on the whole of the game, whether 'twas foul or fair;
Only a few days ago, I was gettin' along quite well,
Now everything I had in the world swept out in a breath of hell,
But this is no place for despondin', this ain't no time for gloom,
And this ain't the first trip, all we've had has gone clean up the flume,
But this ain't the thing that gits me, not being worth a red,
Its feedin' my wife and children with somebody else's bread,
Sleepin' on charity blankets, wearin' charity shoes,
These are the unexpected things, that's given me the blues;
Yet I should'nt feel so, I know that it ain't the way,
We ought to be sheddin' tears of thanks for those fellows down at the Bay
Have given us the squarest kind of a deal, and so has the entire coast,
Each town trying its level best to see who could give the most;
So cheer up, pardner, and come along, fires can't put us down,
Nothing short of the Judgment Day can ever clean out the town.

General Items.

San Francisco uses over ten and a half millions of gallons of water per day.

Prince Fredrick William, of Prussia, and his eldest son are coming to the Centennial.

A large force of workmen is engaged at the Summit putting the snow sheds in order for the winter.

This year California has imported 12,194,400 pounds of coffee, 39,468,800 of rice, 34,777,700 of sugar, and 5,078,600 of tea.

San Francisco property is assessed at $268,532,859, and the taxes thereon are $4,309,952. The City debt is about $4,000,000.

During the first nine months of this year 5,334 firms in the United States failed for the aggregate sum of $121,172,000.

Mr. Walker, of Philadelphia, has arrived in Los Angeles, intending to establish a mill for the manufacture of paper out of cactus.

Indians are again committing depredations on the Rio Grande. The Mexicans will co-operate with the United States troops in punishing them.

The Grass Valley *Union* says: "It is reported that the bank of Findley & Co. will be reopened soon, and everything satisfactorily adjusted."

There were 20,138,000 postal cards issued by the Postoffice Department last month; the largest issue by at least 5,000,000 ever made in the same time.

In the suit of C. O. Galt vs. the Boston *Herald* for $50,000 damages for libel in calling the Cardiff Giant a fraud, the jury rendered a verdict for the defense.

From December 1st, 1873, to October 1st, 1875, the Sheriff of San Francisco conveyed 461 insane patients to Stockton and 310 criminals to San Quentin.

A cherry tree in Sacramento is in full bloom for the second time this year, and the third and fourth growth of pears from a Bartlett pear tree have been pulled.

Lake county this year, for the first time in her history, exported wheat. Four hundred tons went over the new road to Cloverdale, and thence by rail to Donahue.

Grand Master J. M. Browne has appointed Mr. Aaron A. Sargent the Grand Orator of Grand Lodge, F. & A. M., for the ensuing year. Senator Sargent has signified his acceptance.

Emperor William says, in his speech to the German Parliament, that peace is more assured now than at any time during the twenty years preceding the reconstruction of the Empire.

On Saturday, the United States Treasurer directed the transfer in gold from New York to San Francisco of $200,000 for the Bank of California, and $100,000 for the Anglo California Bank.

The total loss by the Virginia City fire is estimated at $6,000,000. The mills affected by the fire alone would produce enough bullion in a little more than two months to pay the amount.

The Kern County *Gazette* notices the fact that Dr. J. T. Wells, formerly of the U. S. N., and at one time stationed at Vallejo, has located in Visalia, and is rapidly building up an extensive practice.

Miguel Cordova, a Spaniard in San Francisco, has a thousand finger rings from all quarters of the globe, representing every nation and age; the most valuable collection in the United States, if not in the world.

The California wine crop is increasing every year. This year it is expected to exceed 8,000,000 gallons. In a few years a large number of vines will come into bearing, increasing the present production almost one half.

W. F. Thompson arrived at St. Joseph, Mo., on the 18th ult., claiming that he had walked from San Francisco in less than one hundred days, on a wager of $5,000. He claimed to have walked the entire distance, 1,700 miles, in 94 days.

About six miles from Bakersfield a water spout occurred recently, which washed out a sheep corral, drowning about 100 sheep. About eighty were found dead, and many missing. They were in charge of John Barker.

Rev. Dr. Worrell has resigned the Presidency of California College (Baptist) at Vacaville. Rev. T. W. Greene, lately from Denver, Colorado, was chosen President pro tem. Rev. Winfield Scott was requested to act as financial agent.

Dr. Bellows says that one pound of beans will support life in action as long as four pounds of rice. Two pounds of beans will help do more muscular work than three pounds of wheat, and more brain work than three and one-half pounds.

The Spanish Government has ordered their agents in New York to buy up and ship at once provisions and ammunition to the amount of $500,000 to Cuba. The money was contributed in Havana on telegrams from Spain that American interference was feared.

On the 2d of last July the safe of the National Savings Bank of New York city was robbed by burglars of $90,000, mostly in Government, railroad and municipal bonds. The bank officers have effected a restitution of $50,000 in bonds, for which they paid the reward advertised, $10,000.

Out of a population of 15,000,000 in Spain, the number unable to read is 12,000,000. No wonder they couldn't maintain a Republic. By the statistics of the Census Bureau, it appears that the number of white persons in the United States who cannot read or write is only 720,000 out of 40,000,000.

The New York and Brooklyn Association of Congregational Ministers have taken action, which will rivive the Beecher scandal. They have appointed a committee to investigate the charges and ascertain whether they can retain him in their membership. It was said that Beecher would withdraw rather than submit to an investigation.

In the Ohio State Penitentiary the convicts are not allowed to read anything which will inform them what is going on outside their prison walls. The Warden scrutinizes carefully all correspondence passing in and out of his hands, and nothing in the shape of a newspaper of the day or any book likely to convey an idea of the progress of events in the world is permitted to reach the inmates.

To make a receptacle for spent matches, says the *Science of Health*, break an egg at one end, and empty the shell of its contents. With scissors make the edge even, and crochet a cover for the shell with colors that harmonize with the room in which it is to be used. Suspend it from the gas-fixture or lamp, or as near at hand as possible.

SOME OF THE FINEST CABINET ORGANS

NO MORE REEDY, HARSH TONES.
THE WARREN & CLOUGH COMBINATION ORGAN.
New and Wonderful Invention.

The newly invented SCRIBNER PATENT "QUALIFYING TUBES." (Secured by letters patent in the United States, England and Canada.) An invention having a MOST IMPORTANT BEARING on the future reputation of Reed Instruments. By means of which the quantity or VOLUME of tone is VERY LARGELY INCREASED, and the QUALITY of tone rendered equal to that of the best Pipe Organs of the same capacity—thus furnishing all the desirable characteristics of the large Church Pipe Organ, in a case the size of an ordinary Cabinet or Parlor Organ, and at the moderate price of Reed Organs. By means of this invention, an Organ containing two sets of reeds becomes equal in volume and power, and VASTLY SUPERIOR IN QUALITY AND BRILLIANCY OF TONE to an ordinary Reed Organ of six or eight sets of reeds. One of the crowning features of this invention is the peculiar facility with which it adapts the tone of the Instrument to ACCOMPANY THE VOICE IN SINGING, the effect upon both singer and listener being charming beyond description. This ingenious invention consists in the construction and application of tubes of wood or metal, placed so as to operate in connection with the reeds, each tube having an opening on the upper side at the rear end, through which the air, subsequently passing through the reed, enters, and through which the sound produced by the vibration of the reed escapes. The tubes inclosing the reeds of the treble are provided with adjustable valves or slides, over the mouth opening, by means of which the tube may be tuned in unison with reeds, to produce a flute-like tone, such as found heretofore only in pipe Organs.

Can be seen and heard on the corner of Sixth and I streets.

PROCLAMATION!
CHICAGO AND NORTH-WESTERN RAILWAY.
THE POPULAR ROUTE OVERLAND.

Passengers for Chicago, Niagara Falls, Pittsburg, Philadelphia, Montreal, Quebec, New York, Boston, or any point East, should buy their
Transcontinental Tickets
VIA THE PIONEER ROUTE,
—THE—
CHICAGO AND NORTHWESTERN RAILWAY.
THIS IS THE BEST ROUTE EAST.

Its Track is of STEEL RAILS, and on it has been made the FASTEST time that has ever been MADE in this country. By this route passengers for points east of Chicago have choice of the following lines from Chicago:
BY THE PITTSBURG, FORT WAYNE AND CHICAGO AND PENNSYLVANIA RAILWAYS.
3 THROUGH TRAINS DAILY, with Pullman Palace Cars through to Philadelphia and New York on each train.
1 THROUGH TRAIN, with Pullman Palace Cars to Baltimore and Washington.
BY THE LAKE SHORE AND MICHIGAN SOUTHERN RAILWAY AND CONNECTIONS (NEW YORK CENTRAL AND ERIE RAILROADS):
3 THROUGH TRAINS DAILY, with Palace Drawing Room and Silver Palace Sleeping Cars through to New York.
BY THE MICHIGAN CENTRAL, GRAND TRUNK, GREAT WESTERN AND ERIE AND NEW YORK CENTRAL RAILWAYS:
3 THROUGH TRAINS, Pullman Palace Drawing Room and Sleeping Cars through to New York, to Niagara Falls, Buffalo, Rochester, or New York city.
BY BALTIMORE AND OHIO RAILROAD:
2 THROUGH TRAINS DAILY with Pullman Palace Cars for Newark, Zanesville, Wheeling, Washington and Baltimore without change.
This is the SHORTEST, BEST and only line running Pullman celebrated PALACE SLEEPING CARS AND COACHES, connecting with Union Pacific Railroad at OMAHA and from the WEST, via Grand Junction, Marshall, Cedar Rapids, Clinton, Sterling and Dixon, for CHICAGO AND THE EAST.

This popular route is unsurpassed for Speed, Comfort and Safety. The smooth, well-ballasted and perfect track of steel rails, the celebrated Pullman Palace Sleeping Cars, the perfect Telegraph System of moving trains, the regularity with which they run, the admirable arrangement for running through cars to Chicago from all points West, secure to passengers all the comforts in modern Railway traveling. No changes of Cars and no tedious delays at Ferries.

Passengers will find Tickets via this Favorite Route at the General Ticket Office of the Central Pacific Railroad, Sacramento.
Tickets for sale in all the Ticket Offices of the Central Pacific Railroad.
